

May 5, 2020

The Honorable Nancy Pelosi
Speaker
US House of Representatives
Washington, DC 20515

The Honorable Mitch McConnell
Majority Leader
U.S. Senate
Washington, DC 20510

The Honorable Charles Schumer
Democratic Leader
U.S. Senate
Washington, DC 20510

The Honorable Kevin McCarthy
Republican Leader
US House of Representatives
Washington, DC 20515

Dear Speaker Pelosi, Majority Leader McConnell, Republican Leader McCarthy and Democratic Leader Schumer:

While policymakers should be applauded for acting quickly in the face of an unprecedented crisis, federal relief funding is not reaching small businesses and families in communities underserved by mainstream lending institutions. We urge Congress to support mission-driven lending to small businesses and underserved communities by including a \$1 billion appropriation to the Community Development Financial Institutions (CDFI) Fund in the next round of Coronavirus relief.

CDFIs provide financial services in urban neighborhoods and rural areas underserved by traditional financial institutions, particularly those with high rates of poverty and unemployment. Over 1,100 certified CDFIs across the country are working on the front lines of the current economic crisis, triaging distressed businesses, helping families avoid foreclosure or eviction through credit and housing counseling, and working to help stabilize struggling economies.

Throughout the last economic downturn, CDFIs served as economic shock absorbers, providing flexible and patient capital, rigorous risk management, and commitment to the projects in their communities and the sustainability of their borrowers. While traditional lenders fled economically distressed communities, CDFIs stepped in and filled the void.

Last week Congress extended the Paycheck Protection Program (PPP), and there is substantial support for expanding the role for CDFIs in this important initiative. An additional appropriation for the CDFI Fund will provide CDFIs the tools they need to ensure patient, flexible capital reaches communities and businesses at the greatest risk.

In 2009, Congress provided \$100 million to the CDFI Fund under the American Renewal and Recovery Act, and CDFIs put that capital to work, leveraging \$12 for every dollar of federal resources. It took more than a decade for many small towns and economically distressed neighborhoods to recover from the Great Recession. We can do better. The dire and unprecedented economic circumstances in rural and urban communities across the country demand a more aggressive federal response.

We strongly urge you to provide \$1 billion to the CDFI Fund and ensure relief funds reach tens of thousands of small businesses and families left behind by previous relief packages.

Sincerely,
