SUPPORTING SMALL BUSINESS GROWTH IN NORTHWEST ARKANSAS

Since becoming a customer in 2020, Charles Ward has partnered with Priority Bank to expand his dirt work business in Northwest Arkansas. Starting as a one-person operation, Ward’s company has grown significantly, driven by increased demand for site preparation and land development services. In early 2024, Priority Bank provided financing for new equipment, including a John Deere excavator, enabling Ward to take on larger projects. Over the past year, the bank’s support has helped him expand his workforce from one to five employees, underscoring Priority Bank’s role in fostering local business growth and economic development.
